Week 5, Term 3. 22nd – 26th Aug 2022

Dear Parents, Caregivers & Friends,

Our Daffodil Day last Friday (earlier for us as we are on a school trip on the actual day) was a great success, raising \$190 for the cancer foundation.

Onga-Tiko Rugby Prize Giving on Friday night was an excellent success. However, next season we will not have it before a game so we don't run out of energy at half time! We are currently planning a morning tea prize giving for Netball and Hockey.

We had a great day out yesterday at the Science Roadshow. It was a great opportunity for our Year 3-8 students to observe science in action, but also to get involved with many interesting hands-on activities. Getting on the bus as a whole group also made it a day to remember for our students as we don't do this very often!

Cross Country is tomorrow and we are carefully watching the weather to see what it does. We do want to try and push it through if we can, as the term does get busier and busier! Please remember that this is a big event to run so the more parent helpers we can have on the day in the food stall or on the course as a marshal makes the day much easier.

Next week we have a huge week planned with Rippa Rugby (Years 3-8), Maths Practice Day (Selected Years 6-8) and our Dairy Farm Visit for the whole school on Friday.

Good luck to the senior hockey team tonight for their final game of the season. Have a great weekend everyone. It will be quite a change not having winter sports!

Regards,
Hamish.

Student of the Week

Room 1: Nathan for his positive attitude.

Room 2: William and Amelie for their settled work.

Room 3: Lucas for his positive attitude towards school.
